

Annual Staff Training Summary for Reporting Year 07-08

Generally: All city yard personnel were given refresher training, which involved a presentation of the effects of urban run-off with the aide of a powerpoint presentation. Photos were shown that depicted improper permit violations as well as proper BMP's. Additionally, all new employees are shown an NPDES training video and required to pass a test before they are permitted to work in the field.

Last Name	First Name	Department	Type of Training	Date of Training
